VISIT US

WE'VE BEEN MAKERS OF FINE CIDERS SINCE 1880.

Westons Cider are independent and family owned, located on the same Herefordshire hills that we farmed over 135 years ago. Five generations later and we now export to over 40 countries worldwide!

We create award winning brands such as Stowford Press, Old Rosie and Henry Westons. Our recent innovations include Rosie's Pig, Mortimer's Orchard and Caple Rd.

Discover more about our history, our brands and the craft of making cider with a day at the mill.
